

## Research and development activity in the institute

In accordance with the statutes of the institute a research and development committee has been formed, comprising of employees and specialists, who meet four times a year and advise management on directions the institute should be taking in terms of new methods and technology to adopt.

Director of the Institute starts the first board-meeting. The chairman and a vice-chairman will be selected by the board-members. The committee makes decision casts by voting. There are 20 councillors participating in the committee.

The chairman of the research and development committee is the institute's Deputy Director of Development Marika Väli (telephone +372 663 6603 or e-mail [marika.vali@ekei.ee](mailto:marika.vali@ekei.ee) [1]).
